O R D E R

In the letter read above, the Chief Engineer, Polavaram Irrigation Project, Water Resources Department, has recommended the proposal to the Government and requested to accord permission to M/s Mega Engineering & Infrastructure Ltd, Hyderabad for proposed crossing of 90mm dia Natural Gas MDPE Pipe Line@ Km.127.230 of PIPRMC near Remalle Village for City Gas Distribution Network of Krishna District, based on the report furnished by the Superintending Engineer, PIPRMC Circle, Eluru, with the following conditions :

1) The entire cost of laying of pipe line along with allied works should be borne by the firm only.
2) The firm shall get the approval from the respective competent authorities, for the structures proposed at the crossings of drains /canals etc.
3) The firm shall get the approval of the structures proposed for road crossings from the respective departments.
4) The firm should take care that the pipe line should not be hurdle to the flow of canals / drains etc. at any stage.
5) Necessary Royalty charges for permitting the agency to lay the pipe line shall be paid by firm as per the rules in vogue to the department.
6) The firm has to enter an agreement with the department (i.e.,) Superintending Engineer, PIPRMC Circle, Eluru in the prescribed format.
7) The firm should not cause any damages to the works of the department during / after laying the pipeline.
8) The firm has to deposit suitable amount with the department for restoration of damages if any occurred to the property of the department during /after laying of the pipe line.
9) Due to future improvements or repairs or any for other purpose of the department, if the pipe line is to be crossed or modified, the firm shall do it at their own cost, within the time stipulated by the department and the firm should not ask for any compensation on this account. If necessary, suitable deposit may be kept with Superintending Engineer or some authority.
10) While crossing the stream or roads, the structures of the department shall not be meddled or used (including protection works) by the firm.
11) The department reserves the right for cancellation of the permission without assigning any reasons thereof.
12) The firm shall abide any other conditions laid down by the Government/department from time to time.
13) A detailed plan showing the location, conveyance system etc., shall be furnished to the department.

(P.T.O)

14) Non adherence of the any of the conditions by firm entails cancellation of the permission.
15) The department will have the right to use the full land width for carrying out any repairs and improvements and the department will not take responsibility for any damage that may be caused to the pipeline of the firm and the firm has to restore or repair its pipeline at their cost without making the department liable for scour damages.
16) The firm is entirely responsible for the safety of the Gas Pipe and will be accountable for the safety of the Public, Public utilities etc., they have to take the responsibility for any damages that may be caused on account of the pipe line.
17) The widening of Polavaram Irrigation Project Right Main Canal to carry 50,000 cusecs of water is under active consideration by the Government. The firm should reconstruct the Pipe Line crossing at their own cost as per the requirement of this department whenever the widening work takes place at this location.

2. After careful examination of the matter, Government hereby accord permission to M/s Mega Engineering & Infrastructure Ltd., Hyderabad for proposed crossing of 90mm dia natural Gas MDPE Pipe Line@ Km.127.230 of PIPRMC near Remalle Village for City Gas Distribution Network of Krishna District with the conditions as stipulated above.

3. The Engineer-in-Chief (Irrigation), Water Resources Department, Vijayawada, the Chief Engineer, Polavaram Irrigation Project, Dowlaiswaram, the Chief Engineer, Godavari Delta System, Water Resources Department, Dowlaiswaram and the Collector & District Magistrate of Krishna District shall take necessary action accordingly.
